## Question 70

.Which of the following package is missing for the below program?

```
import java.io.*;
import javax.servlet.*;
public class PostParameterServlet extends
    GenericServlet{
public void service(ServletRequest request,
    ServletResponse response)
throws ServletException ,IOException{
    Printwriter pw= response.getWriter();
Enumeration e= request.getParameterNames();
while(e.hasMoreElements()) {
    String pname= (String) e.nextElement();
    pw.print(pname + " = ");
    String pvalue = request.getParameter(pname);
    pw.println(pvalue);
}
pw.close();
}
}
```
